In addition, there may be other emergency shutdown periods. During these periods the supplier shall be able to ship at least an additional six to seven cars per week for a three to four week period.
6. In the event the supplier cannot meet our delivery requirements, may result in the vendor being deemed in breach of contract. The County may terminate the contract for default and charge the vendor re-procurement costs, if applicable.
7. Payment will only be made for weight of material received. Each delivery shall be accompanied by a weight certificate of a certified scale showing the net weight of quicklime. The signature of the using department authorized representative confirming receipt and acceptance of material shall also be the basis of and support for all invoices submitted for payment.

e) Sampling, Inspection and Test Procedures

In addition to Paragraph 2.30 and 2.31, bidders may be required to furnish a satisfactory sample for testing for compliance with this specification, or otherwise prove to the satisfaction of the using agency that the proposed material complies with the using agency's requirements. Each bidder shall furnish two current references of firms they are supplying with this material.

All samples shall be tested in accordance with the test methods outlined in the AWWA standards as modified by these technical specifications.

The County reserves the right to make inspections and/or test as necessary to insure delivery of a satisfactory product.
